

CRYSTAL BREEZE CLEANING

Post-Construction Before Your Final Cleaning

The renovation is nearly done. Plan the final clean.

You don't need to finish this checklist to request your free quote.

☐ Plan around dust-producing work

Tell us if sanding, drilling, cutting or contractor touch-ups will continue.
Aim to schedule the final clean after the dust-producing work is finished.

☐ Identify the rooms and new surfaces

Share the approximate size and renovated rooms. Mention new flooring, stone and other finishes, plus any care or curing instructions.

☐ Point out residue and leftover materials

Mention paint splashes, adhesive, stickers and construction debris.
Confirm which items are included in the quote before cleaning begins.

☐ Check utilities and access

Confirm working water and electricity, keys, parking and building access.
Mention stairs, elevator reservations or building requirements.

☐ Share your deadline and contractor timeline

Tell us the expected work-completion date and any move-in, walkthrough or handover deadline. We will discuss timing and availability with you.

☐ Start with a short project description

Your town, renovated rooms and approximate size are enough to start.
Photos can help us discuss the scope; ask where to send them when we talk.

Not sure what to write in the quote form?

Start with the renovated rooms, your town, and your preferred timeframe.

Example: "Kitchen renovation in Queens; the work finishes next week."
